SUMMARY

I am a highly motivated Front-End Developer with 3 years of experience specializing in building and maintaining WordPress websites. I have strong expertise in HTML, CSS, JavaScript, and PHP, with a focus on creating visually appealing, user-friendly, and responsive websites. My experience includes customizing themes, plugins, and optimizing site performance. I stay up-to-date with the latest front-end technologies and design trends to ensure that my projects are modern efficient, and user-centric. Known for my attention to detail, problem-solving abilities, and creative approach, I thrive both independently and as part of a team, always delivering high-quality work on time.
